### AREAS OF PRACTICE:

- Complex Litigation

### PRACTICE SUMMARY

During 20 years of legal experience, Jack Ray has represented a wide variety of individuals and corporations in various legal disputes. Over the last 10 years, however, his practice has focused almost exclusively on successfully representing people whose lives have been seriously affected by unacceptable medical care. Probably fewer than 10 attorneys in the state devote as high a percentage of their professional time to aiding those injured by inappropriate medical services.

For many years, Jack has been a member of the board of the Utah Association for Justice, the state's largest and oldest association of plaintiff's trial attorneys. He has spoken at various seminars training other attorneys in the law surrounding medical negligence claims. Jack has also served for years on the Utah State Bar Ethics Advisory Opinion Committee and sits on the boards of various nonprofit organizations.
